3. My current fee for the preparation of reports is a minimum of between £700 and £850 + VAT each, to include a clinical consultation if necessary, and one hour's non-clinical work on the report. Reports that take longer than that will be charged at a rate of between £275 and £300 + VAT per hour non-clinical time.
4. My terms of payment are **30 days** from invoice with the report.
5. Postponement of payment of fees until case conclusion is subject to negotiation and uplift at the time of instruction.
6. Copyright of my reports remains with me until the account has been paid in full.
